

# EMC Europe 2018

EMC EUROPE 2018

International Symposium on Electromagnetic Compatibility

August 27-30, 2018, Amsterdam, the Netherlands

## Technical exhibition

EMC Europe is the premier European event which brings together the leading professionals and academics in the field of Electromagnetic compatibility. This is a great opportunity to present and advertise your company to your professional peers as an exhibitor. You get the opportunity to interact with them in a personal and relaxed atmosphere. The EMC Europe 2018 symposium will be accompanied by technical exhibition on EMC and RF/microwave measurements and instrumentation. We invite manufacturers and distributors of EMC-related equipment and tools, measurement and EMC test equipment, spectrum monitoring and measurement systems, protecting device and components, microwave instrumentation, electromagnetic analysis and synthesis software to participate as exhibitor.

The technical exhibition will be held from 9.00 until 17.00 on Tuesday and Wednesday, 28 and 29 August, 9.00 until 15.00 on Thursday 30 August 2018. The technical exhibition will take place on the ground floor of the venue location in the heart of Amsterdam; Beurs van Berlage. As organization committee we anticipate to welcome +/- 500 participants to EMC Europe 2018 on Amsterdam.

The exhibition is directly accessible from the conference rooms and ensures that delegates and speakers have every opportunity to visit you and your company's representatives during refreshment and lunch breaks that will be served on the exhibition floor. You can order a completely equipped exhibition booth (standard booth: 9m<sup>2</sup>), large booth or extra-large booth package. The application form as well as general rules for exhibitors are available on the conference website. Please submit the exhibitor's application form as soon as possible as the number of booths are limited and we apply a first come, first serve policy.
